Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 3/10/2005 has been entered.

2. The following is an examiner's statement of reasons for allowance:

The cited references in the IDS filed on 3/10/2005 have been considered. However, none of the cited references teaches or suggests, in combination, the arrangements of the transmitter calculates frequency bin energies for a plurality of frequency bins on a plurality of transmit antennas at the transmitter according to a limited power available at each transmit antenna and in accordance with water-pouring equations based in part on the CSI and using an iterative method, and further wherein the transmitter conditions modulation symbols in accordance with the calculated frequency bin energies in order to form a method for communication in a MIMO wireless system as recited in claim 1 or the method steps of determining an estimate of a solution vector; determining an error function based on said determined solution vector; determining an error magnitude based on said determined error function; comparing said error magnitude to an error threshold; and accepting said estimate of said solution

vector with said elements of said allocation bin energy level when said error magnitude is less than said error threshold in order to form a method for determining bin energy level allocation to each OFDM frequency bin at each transmit antenna in a MIMO communication system with limited power for each transmit antenna as recited in the independent method claims 3 and 17 and the corresponding apparatus claim 10. The dependent claims 2, 4-9, 11-16 and 18-23 are also allowable based on the reasons mentioned above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
